What is the Historic Marker Program?

The Fitchburg Historical Commission in collaboration with the Fitchburg Historical Society is pleased to bring you the historic marker program, promoting the value of our shared heritage by recognizing structures built at least fifty years ago that maintain their basic character.

This is an opportunity to show pride in your ownership and help our community appreciate your building's special architectural heritage. Markers also make unique and thoughtful gifts.

Special Bonus
Each Historical Marker comes with a free one-year membership to the Fitchburg Historical Society. If you are already a member, you may transfer this free membership to another individual. Visit www.fitchburghistoricalsociety.org for more information on membership.

Fitchburg Historic Marker Program

Recognize the special place
your home or structure
has in Fitchburg's
rich heritage

SPONSORED BY THE
FITCHBURG HISTORICAL COMMISSION
IN PARTNERSHIP WITH THE
FITCHBURG HISTORICAL SOCIETY

Delivery may take about 90 days

How to apply

Apply using the attached form. Include any known information about the structure and its origins (from the deed, census, tax listing, etc.), plus copies of current (and past) photographs, if available.

The Commission, with the assistance of the volunteers from the Historical Society will review the application and determine if the structure is eligible.

Buildings must have been constructed at least fifty years ago and should retain substantial design character.

The marker serves only to highlight a home or structure that contributes to Fitchburg's rich heritage. Even though the marker has been awarded, there are no restrictions on the property. There is no obligation to preserve the character of the building, although the Commission obviously hopes that its integrity will be maintained. There is no requirement that the building be listed on the State or National Register of Historic Places.

Plaque details

Deep red background with white lettering and accents on durable hand-painted wood
Oval-shaped approx. 11" high x 16" wide

Attaches with two screws, included and with holes pre-drilled.

Cost: \$62, delivery included (payment will be returned for non-eligible structures)

The Commission recommends that the plaque be installed so it is visible from the street. For help in locating your plaque, please contact the Historical Commission.
